 - April
 - July
 - October

Quality Assurance Emails

- Bias Motivation/
- 99=Unknown

- Cargo Theft

- Homicides

- Burglary with Multiple Premises
- High Dollar Crime

Figure 1. The effect of the number of trials on the number of correct responses. The number of correct responses was significantly higher for the 10 trials condition than for the 5 trials condition. Error bars represent the standard error of the mean.

Good afternoon. We received an email from the FBI regarding an audit they ran regarding cargo theft incidents.

Journal of Management Education 37(6) 689–704

9 8 7 6 5 4 3 2 1

Can you assist with a business or other entity (not for individual)?

ORI	Agency Name	Incident #	Incident Date	Offenses	Locations	Property Description	Property Count	Stolen Value	Recovered Value	Victim Types
